

So glad we will be seeing you soon at the Hyannis Yacht Club Invitational!

This year we have made some changes in our Invitational traffic pattern, Parking and Boat Transport System. We know that change is hard and can be confusing the first time through, but we hope these changes will make the Invitational a great experience for all on land as well as on the water.

Hyannis Yacht Club Youth Committee

Parking

Free parking is available on a first come basis at the Hyannis Yacht Club designated lot at Veteran's Beach. **ALL Invitational car parking and boat transportation traffic will be using the HYC/Captains Table/Yachtsman Condo Access road- 490 Ocean St, Hyannis. No Invitational parking will be permitted through the Veteran's Beach Town gate.**

Boat Transport System Information (BTS)

Arrival: Cars and trailers dropping off boats will be allowed to drive down to the Lower Lot/Beach area to off-load boats as directed by the parking volunteers. **Check-in at the Boat Transport System table before you leave. All trailers, cars (transporting small boats) and boats must be tagged. Trailers will be parked at the designated area at St. John Paul High School, 120 High School Road, Hyannis Ma.** Please park trailers as directed by the parking volunteers and observe parking lanes and barriers. From there the Yacht Club is a short drive back and you may return to the parking lot via the Access Road to park for the day (depending on space availability).

Boats may be landed and stored on Veteran's Beach only.

No overnight parking (car or trailer) is permitted at Veteran's Beach.

The Invitational hosts a lot of small boats that are transported with towed trailers and by vehicle. To more efficiently move boats out in the afternoon, **every boat, trailer and vehicle needs to register with the Boat System Transport (BTS) table upon arrival.**

Departure: At the end of racing, derig your boat(s) gather all your gear and sailors and report back to the BTS desk for inspection and release of your vehicle or trailer from the parking lot. Trailers will be given a release pass from their parking area when it has been determined your entire group is ready to go and there is space in the Lower Lot/ Beach area for your trailer. **Only vehicles with a release pass will be allowed in the Access road.** Once loaded, all vehicles and trailers must leave the Lower Lot/Beach immediately to make room for other trailers/cars. The departure of many boats at the same time can be challenging. Your cooperation with the parking volunteers is appreciated.

Coach boats and other motor boats can be launched from 2 public launch sites- Gary Brown Boat Ramp- 147 Lewis Bay Road (near Cape Cod Hospital) and Bay Shore Road Ramp- 86 Bay Shore Road.
